New York State Religious Leaders Publicly Support and Protect Lesbian, Gay, Bisexual and Transgender New Yorkers

(Please Check All That You Wish to Publicly Support)

We, the undersigned, urge the New York State Legislature to protect families in New York State by extending marriage to same-sex couples.

We, the undersigned, recognize that in New York State bias against people because of their gender identity and expression harms their ability to meet their basic needs for work, housing, education, credit and public accommodations, and we therefore urge lawmakers to protect all New Yorkers from this form of discrimination.

We, the undersigned, urge New York State lawmakers to proactively protect students in public schools from a pervasive and debilitating bias-based harassment and bullying, including on the basis of real or perceived sexual orientation, gender identity and expression.
